

PRODUCT SPECIFICATIONS

WATERBRIDGE LAV DECK MOUNTS WITH VESSEL SINKS

"TALL" Height with Sonoma Cast Stone Vessel Sink

Please check with your local plumbing codes for the clearance required between the spout and the vessel sink.

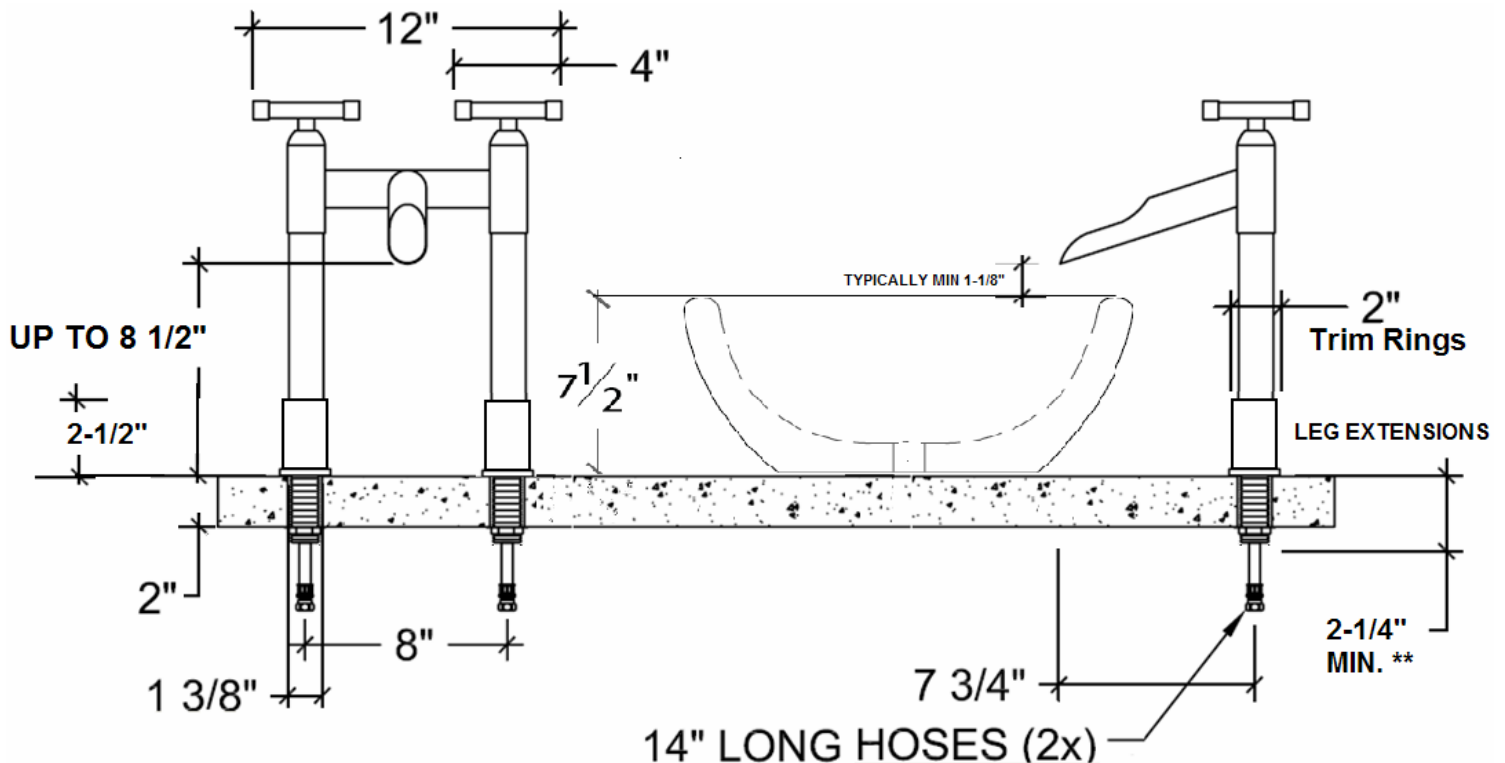

Note: The Merlot Vessel Sink (along with the Cabernet) are the tallest Vessel Sinks made by Sonoma Cast Stone.

PRODUCT SPECIFICATIONS

WATERBRIDGE LAV DECK MOUNTS WITH VESSEL SINKS

“TALL” Height with 2-1/2” Leg Extenders
with Sonoma Cast Stone Vessel Sink

** DEPENDING ON HEIGHT EXTENDED

The Leg Extenders allow the spout to be raised from the standard 6-1/2" (this is a nominal dimension) up to approximately 8-1/2"

Leg Extenders can also be used with the “SHORT” Height Deck Mount Lav as well.

Note: When Leg Extenders are used, longer supply hoses are provided – the mounting all thread should accommodate a 2" thick countertop (i.e. concrete).
